OPEN LETTER · EYE ON SHOALHAVEN COUNCIL

Three requests to Shoalhaven Council before September's Reflect RAP celebration

Sent 29 June 2026 · To Cr Tribe, Cr Norris, Cr Boyd, Cr Krikstolaitis, Cr Killian, Cr Proudfoot, Cr Dunn · Response requested by 20 July 2026

There are three things councillors could reasonably ask for before September's celebration goes ahead.

1. **First: fill the Aboriginal Advisory Committee representative position, or explain in writing why it remains vacant and what alternative community governance arrangement has been in place. Address the "toothless tiger assessment" raised by the committee.**
2. **Second: reverse the engagement sequence — bring community and Aboriginal voices in before the Reflect RAP is declared complete, not after.**
3. **Third: ask staff to add to the anti-discrimination guide the things it currently lacks — complaint pathways, response obligations, timeframes, and a review date.**

None of those things require extraordinary resources. They require a decision that this process will be held to account, not just celebrated.
