OPEN LETTER · EYE ON SHOALHAVEN COUNCIL

Steve asks Council about outsourced mowing and weekend bookings at showgrounds

Sent 1 August 2026 · To Shoalhaven City Council · Response requested by 22 August 2026

Dear Mr Constance,

I am seeking clarification on several matters raised with me regarding the operation of Council's showgrounds.

Could you please advise whether the management of Swim, Sport & Fitness has outsourced mowing services at the Milton, Nowra and Berry Showgrounds?

If so, I would appreciate details of when this decision was made, the reasons for it, the funding source, and the estimated annual cost.

I have also been informed that no staff are available on weekends to manage caravan bookings at these showgrounds.

Could you please confirm whether this is correct, and if so, explain how weekend bookings are currently managed and whether this represents a change from previous arrangements.

If these operational changes have been implemented, I would also appreciate any relevant Council reports, delegations or decisions that authorised them.

Thank you for your assistance. I look forward to your response.

Kind regards,

Steve Stephen Prothero
Editor Eye on Shoalhaven Council
